Dear Prospective Student,

Welcome from the College Director

On behalf of IBIBS, Investment Banking Institute Business School, staff and students, I welcome you to our institution.

Like other tertiary providers, IBIBS is a place of learning, in which all members of the IBIBS, staff and students alike, develop knowledge and acquire skills that will be useful throughout life.

Not all educational providers are the same and IBIBS is committed to providing a practical and personal learning environment. We have developed high quality programs that meet the current and future needs of professional organisations, industry and the community. We ensure students gain direct experience and ongoing exposure to professional agencies and their workplaces. We also offer modern, safe and well supervised facilities so students can focus appropriately and remain motivated to become leaders in their chosen fields.

To align with ongoing change, IBIBS is committed to further development of its activities including a growing emphasis on technology transfer and the establishment of optional learning strategies. These strategies will impact upon both individual and social development.

IBIBS is not just a business school experience, it is a life experience. The intensity and the focus on investment banking disciplines from a strategic, transactional as well as academic perspective forges a very strong intellectual and social bond between classmates.

Our graduates are guaranteed an internship with an investment banking firm. This consolidates their learning and ensures they enhance their opportunity to cement themselves within the industry.

IBIBS allows eligible students to pay tuition fees directly or apply for FEE-HELP.

IBIBS promotes ethical values throughout its operation and looks forward to your high achievements whilst a student at the IBIBS.

Business School College Director
Emeritus Professor
Dr David James AO
Investment Banking Institute Business School

UNDERGRADUATE SCHOLARSHIP PROGRAM

Thank You for Thinking of Studying at IBIBS

IBIBS awards over 20 scholarships to students into our Bachelor of Investment Banking degree each year. There are scholarships that reward outstanding academic results, or support you to achieve your study ambitions if you need assistance with tuition fees. There are also scholarships to develop your leadership skills.

If you are an Aboriginal or Torres Strait Islander, Australian citizen or Australian permanent resident.

IBIBS is committed to supporting you and there are a number of scholarships you can apply for. Other scholarships relate to your regional or State location.

IBIBS industry scholarships, are made available through the support of Australian Investment Banks, professional industry associations and other leading financial services institutions.

IBIBS is committed to providing access to higher education to students who might otherwise be excluded by socioeconomic, cultural, geographic or other disadvantages. IBIBS offers a range of scholarship opportunities to you.

Achieve your study ambitions and apply for a scholarship today.

Please send the completed electronic Scholarship Application form along with attachments by email to scholarship@ibibs.edu.au
